TESTIMONIAL – NELSPRUIT IRON & STEEL

TO WHOM IT MAY CONCERN

I have personally been dealing with Nelspruit Iron and Steel from the late 90's.

However Blue Cube Construction has been dealing with them since our registration in 2006 – 11 years.

They are a very professional steel manufacturing company – market related prices and most importantly they finish the job on time.

That is very important in the construction industry with all the pressure to perform and the penalties involved.

The quality of their work is exceptional and we have never had a come-back on a project. They go out of their way to accommodate changes required and still be timeous.

We have never had any safety issues or incidents on site too date.

We would be happy to recommend Nelspruit Iron and Steel to any of their future Clients.

Bobby Steenkamp
